US Bank awards PTC Foundation with \$1500 gift

PINE CITY, Minn. – US Bank donated \$1500 as a part of the Pine Technical College Foundation’s Ninth Annual *Bridging the Dream* scholarship campaign. Their donation, along with others, will help a host of students bridge a financial gap in their educational dreams and professional aspirations.

Lisa Curry, PTC student and scholarship recipient, said, “The convenience of Pine Technical College, along with the strong support of the community and its businesses are helping to make individuals’ dreams a reality.”

The funds raised will be used for approximately 20 \$300 scholarships for PTC part-time students and 24 \$1000 scholarships for PTC full-time students.

The entire PTC family of students, faculty and staff thank US Bank for their generosity and support. To give to the PTC Foundation, or to inquire about the *Bridging the Dream* scholarship program, call 320-629-5140.
